

## Photo Release Form

---

The Free Clinic participates in several educational programs with local colleges and universities. In addition, the Free Clinic's services are supported by state and local foundations and funders. The Free Clinic often provides photos to the educational institutions and funders to demonstrate the services that we provide using their resources. We also send photographs and videos to local media or use them in brochures and other promotional materials.

### Consent:

I consent for photographs and videos of myself to be made and used by the Free Clinic of Central Virginia for the purpose of promoting the work of the Free Clinic. This release includes, but shall not be limited to use in videos, newspapers, brochures, television, website, and on posters. I understand that my likeness may also be used by the United Way, the Virginia Healthcare Foundation, and other funders of the Free Clinic. I release the Free Clinic, the Virginia Healthcare Foundation, other funders and their employees from all claims, financial and otherwise, concerning the use of photographs and videos.
